ISG Construction Ltd and have been appointed by Walsall Metropolitan Borough Council as the principal contractor for the development at Oak Park Leisure Centre. We appreciate that this development is introducing a lot of change within the area would like to take this opportunity to explain about the scheme, the benefits it will bring to the local community and our ongoing and upcoming construction activities.

The scheme is to replace the existing aging and uneconomical council facility with a new iconic modern and attractive leisure centre, capable of accommodating large numbers of visitors efficiently and cost effectively.

- Maximize value for money
- Increase overall participation in sport and leisure in the local community
- Improve the health of local residents
- Maximize customer

Since our last newsletter works on site have progressed extremely well and the appearance of the project has changed dramatically.

Works in the ground have progressed well, seeing the completion of the storm drainage and completion of the construction of the new car park.

Erection of the steel frame has also progressed well with phase one nearing completion, which in turn will lead onto metal decking and roof works.

Upcoming & Ongoing Activities

- Steel Frame Erection
- Roof Installation
- Metal Decking
- Ongoing Groundwork’s

As an associate member of the Considerate Constructors Scheme, ISG are committed to not only provide a first class service to our clients, we are also extremely passionate about ensuring daily operations cause minimum disruption to the local community during our works. With this in mind we are opening up various ways of maintaining communication with the local residents.

- Scheme website
- Monthly drop in meetings onsite every first Friday of the month
- The notice board that has been erected in the existing leisure centre
- School visits to local schools
- Charity run

Important Health, Safety & Environmental Information

We would like to thank all the existing centre staff and local residents for bearing with us whilst we undergo our contract. Your safety is paramount to us at ISG and therefore we do have to insist on stringent measures to maintain our high standards.

It is our first priority to ensure Health, Safety and welfare of all employees, subcontractors, client third parties, visitors and members of the public.

If you have any questions about the project or site safety, please contact Luke Arnold, Project Manager on 02071251141.
